

"Teacher/Student Survey - Your input is very important"

The "FUTURE CLASSROOMS' LEADERSHIP" project team has prepared a study designed to investigate the Technology Needs of Teachers. Teachers and students who have previously answered the questionnaire say that it took only a few minutes to do so. Your help would be very much appreciated.

Feedback from the students and teachers is a critical part in the development process of the output we are going to create. All of the information is confidential, and your participation is voluntary. As a cross-cultural study, we need a good number of data from different countries. Please share this post through your networks. Remember that your input is really important for our study, so please answer as accurate as you may. If you are a student: <https://forms.gle/yKR3tjc52abtr1yQ6>

Thank you in advance for your help and cooperation!
